PRODUCT GUIDE

With Tarkett's full portfolio of flooring solutions, our Hospitality Division helps design cohesive spaces that embrace guests and provide a lasting impression. There is no one-size-fits-all in Hospitality, and our team is eager to help you create a unique experience that showcases your property's signature style. Whether you combine our running line products and accessories in new and unexpected ways, or work with our team to design a fully customized family of patterns, Tarkett is committed to walking with you through every step of the process.

**Great spaces.
One surface at a time.**

**Putting
luxury
at your
fingertips.**

Just as a book's cover exists to be judged, public spaces exist to represent what you stand for...

We know the importance design plays in perception and we know the impact that perception plays in your overall success.

Allow us to transform your inspiration into a reality. Find the styles that speak to you in this next section.

Building on the timeless tradition of 19th century European design, Classic and Vintage grace public spaces and guest rooms with welcoming luxury. Every layered detail is exquisitely crafted—from grand scrolls and free-flowing lines to weathered texture and geometric tiling—and brought to life in a regal palette of soft, muted tones.

Embracing tradition.

Divergence IV

430

For colorways and spec, see page 112.

Free-floating geometrics sparked by a wandering nature and a love for primitive textiles. Soothing neutrals invite travelers with an unrestricted Bohemian feel. The foundation for eclectic accents, curated through a life of adventure. Kasbah's fractured lines evoke immediate curiosity for this new place. Nomad softens guest rooms with dancing repetition.

Nomadic soul.

Inspired by the bold shapes and saturated colors of mid-century modern design, Mod fills public spaces with a contagious energy and optimism. In guest rooms, Atomic combines linear sensibility with intersecting curves, bringing playful movement and a 1950s feel.

**Funky,
fresh &
futuristic.**

The earth holds a record of the passing of time. Billions of years of memories, permanently etched into its surface. Terra and Tellus celebrate the profound brilliance of our natural surroundings—the unfailing strength, free-flowing color and weathered texture of each rock formation. And the beauty that lives in their enduring presence.

Marbled effects.

Adaptt by Tarkett

Luxury Vinyl Flooring backed by SureSet™ Technology

Tarkett's Adaptt with SureSet Technology is backed with a unique sculpted wave backing system that has adhesive on the raised wave, leaving the channels open and free of adhesive so that the floor can absorb sound and breathe – resisting moisture and providing a better acoustical experience underfoot. With a pre-applied adhesive that's easily repositioned, this dimensionally stable solution forgives mishaps at every stage of the project, so it can keep looking beautiful for years to come.

+TECHTONIC™

Massive technology shift.

Contour combines a 32 mil wear layer with our new state-of-the-art Techtonic protection to deliver unmatched durability in high-traffic areas. Tarkett's Techtonic is a massive shift forward in performance for hard surface floors. Its advanced new polyurethane technology is super tough, resisting scratching, abrasions, scuffing and staining—ensuring that your floors look nicer, longer. And Techtonic's matte finish adds beauty, depth, and dimension, for safe and beautiful floors that stand up to the worst of wear.

A photograph of a pink velvet sofa with four matching pillows, set on a patterned rug. A red rectangular box highlights the right side of the sofa and the rug. The rug features a complex, abstract pattern with large, irregular shapes in shades of blue, green, and beige, set against a dark blue background. The sofa is positioned against a light-colored wall with vertical paneling.
